

DR. NANCY IRWIN

Dr. Nancy Irwin is a psychotherapist/therapeutic hypnotist, media contributor, and author. We have worked with Dr. Irwin extensively to optimize her brand across social networks and build a larger community around the various topics that she engages in through radio and television appearances. This was done through content distribution and community building across Facebook, Twitter, & LinkedIn. Dr. Irwin saw an immediate increase in thought leadership, conversation engagement, and brand awareness.
